

TERRAFIRMA

BY: PREMIER COPPER

A Showroom Exclusive Collection

Elements of Nature

Inspired by the elements of nature, Premier Copper Products is redefining the possibilities of copper and brass with our new Terra Firma™ Collection.

The earthy feel and luxurious finishes enhance today's modern homes with over 45 different handcrafted and elegantly designed, heavy gauged pieces for your kitchen and bathroom.

This showroom exclusive collection is a true sensory experience that can only be fully appreciated by first hand touch and sight. Visit a showroom today to see how genuine artistry can sculpt natural, eco-friendly elements into beautifully refined fixtures for your home.

TRADITIONAL COPPER

Revel in the natural rich earth tones of traditional copper. Feel the energy only a living surface can bestow.

Crafted by hand for centuries, copper stands the test of time like no other material. Its unique ability to endlessly regenerate protective patina is what gives copper its highly desirable antibacterial and antimicrobial properties along with its natural beauty.

POLISHED BRASS

Elevate your surroundings with a sense of style by blending intuitive design with the classic beauty of brass.

Brass is the essence of light, shining bright in the dimmest of light or filling a room in the bask of full luminosity. No other metal provides the visual radiance or dramatic impression of rich gold quite like polished brass.

NICKEL PLATED COPPER

The subtle yet timeless finish of nickel complimented by the unique texture of Terra Firma™, creates a perfect harmonious balance of design suitable for any space.

Nickel is a master of catching light and color. Whether the spill of sunlight on a warm summer day or a simple change of decor, watch as the silver tones reflect and adapt to the changing environment around it.

Vessel Sinks

Bathroom
